SUGGESTED ITINERARY

OPERATIONS & ASSET MANAGEMENT – BELOW THE GROUND

With two fully dedicated streams for Operations & Asset Management, we've created three separate itineraries based on your areas of specialism and interest. **Below the Ground** covers presentations relating directly to major civil assets including networks, pipelines, reservoirs, etc. **Above the Ground** covers presentations relating to mechanical assets and plants, pump stations, movable plant, etc. **Head in the Clouds** covers presentations relating to the future, innovation, technology and how it can be used in the water industry.

Monday, 7 May 2018

18.00 Arrive in Brisbane and attend the **welcome networking evening** at the Soleil Pool Bar, Rydges South Bank.

Tuesday, 8 May 2018

08.30 Hear from our **keynote speakers**, Dr Adriana Marais and Dr Alan Duffy as they **set the scene for evolution revolution**.

10.00 Grab some morning tea in the Exhibition Hall and continue to discuss and network with both Ozwater'18 delegates and exhibitors.

10.45 Kick-start the *below the ground* presentations by joining the speakers in Stream 1 – Network Optimisation to hear from TasWater about **The Smell of Success – Rosny Sewer Network Odour Control Optimisation** and Unitywater on **Calculation of Economic Level of Leakage for Unitywater's Water Supply Network**.

12.15 Grab some lunch and head to the Queensland Urban Utilities Theatre to hear from our exhibitors on their innovative products and solutions.

13.15 Continue the network monitoring discussions as you hear from Queensland Urban Utilities on **Who's working on your pipes? The Evolution of Network Access** and learn about what SA Water is doing with the **Adelaide CBD Smart Water Network**.

15.15 Grab some afternoon tea in the Exhibition Hall and check out the poster display on your way down. Our poster display showcases over 90 presenters' research in a visual A1 display. You will also be able to download their poster and extended abstract.

16.00 Finish your day with the last session on Water Network Monitoring and hear about **Leak Detection in the Adelaide CBD Water Network Using Permanent Acoustic Monitoring**.

17.30 **Happy Hour at the Club House** in the Ozwater Trade Exhibition is the perfect opportunity to network and unwind with your colleagues at the end of day one. *Included in the Full Delegate and Tuesday Day Registration.*

Wednesday, 9 May 2018

08.30 In today's inspiring **keynote session**, we hear from Marita Cheng and Mark Pesce on **automation and humanity**.

SUGGESTED ITINERARY

10.00	Grab some morning tea in the Exhibition Hall and take some time to look at the innovations on display in the 'Innovation Hub'.
10.45	This morning head to Stream 2 – Condition Assessment to hear about <i>Analysis of Asbestos Cement Pipelines with Alternative Technologies</i> from Dr Mason Erkelens, Detection Services.
12.15	Grab some lunch and spend some time with over 250 exhibitors! The Ozwater'18 Trade Exhibition is the largest display of the latest water industry science, innovation, technology, products and services for all water professionals and associated sectors.
13.15	This afternoon you can explore the Data Analytics for Decision Making session and hear from Icon Water & AECOM about <i>Cost Risk and Performance – Sewer Main Investment Planning</i> .
15.15	Pick up some afternoon tea in the Exhibition Hall.
16.00	Finish your day with a session on <i>Robotic Pipe Probe Testing for H2S Concrete Degradation</i> .
18.30	The <i>Ozwater Gala Dinner and Australian Water Awards</i> is the highlight of the Ozwater social program. Tickets are only available to registered delegates. Book early via ozwater.org as this is the sell-out event at Ozwater each year.

Thursday, 10 May 2018

09.00	The final day of Ozwater'18 is here but we still have a variety of presentations to hear from. Start off the day by hearing from Innovyze's Patrick Bonk on <i>Live Sewer Networks – Operational Modelling and Predictive Real Time Decision Support Tools</i> .
10.30	Time for morning tea in the Exhibition Hall! If you've been meaning to check out the poster display now is your last chance. Have your pick of 90 posters that cover everything from asset management to drinking water regulations and how technology will be shaping the water experience in the future.
11.15	Before heading into lunch make sure you hear from TRILITY's Adam Medlock as he discusses <i>The Blackwater Challenge – When Design Limitations are Exceeded</i> in the Water Treatment & Reuse session.
12.15	Grab some lunch in the Exhibition Hall and drop by the Aquademic Hub to see the great work universities are doing in water research.
13.45	Round off this year's Ozwater experience at the <i>final keynote session</i> which will teach you how to make the most of your personal and professional development. This will be followed by the Closing Ceremony.
15.45	Get in that last-minute networking with other delegates over closing drinks.
