SUGGESTED ITINERARY

## PUBLIC HEALTH

This itinerary is perfect for professionals with an interest in public health and water quality.

### Monday, 7 May 2018

**18.00** Arrive in Brisbane and attend the **welcome networking evening** at the Soleil Pool Bar, Rydges South Bank.

### Tuesday, 8 May 2018

**08.30** Hear from our **keynote speakers**, Dr Adriana Marais and Dr Alan Duffy as they **set the scene for evolution revolution**.

**10.00** Grab some morning tea in the Exhibition Hall and continue to discuss and network with both Ozwater'18 delegates and exhibitors.

**10.45** To kick start the discussions on public health, join us for a dedicated stream on Community Health & Wellbeing. The first session is on **Managing Public Health in the Regions**. Hear HunterH2O on **Collaborative Implementation of Drinking Water Management Plans Through Water Quality Committee Meetings**, Stantec and Gladstone Regional Council on **Understanding and Optimising Disinfection Performance in a Water Supply Network**, and NSW Health on **Sustained Improvement in Water Quality Through Applying a Preventive Risk Management Approach**.

**12.15** Grab some lunch and head to the Queensland Urban Utilities Theatre to hear from our exhibitors on their innovative products and solutions.

**13.15** After lunch, head to the Securing Public Health session to hear about HBTs and water quality presentations including **A Visual Tool Combining Best Practice Operations and Health Based Targets** from TasWater, **Practical Monitoring and Automated Reporting on Health Based Targets** from AllWater, **ATP: A Tool for the Rapid Evaluation of Water Quality** and Beca on **Havelock North Water Supply 2016 Outbreak**.

**15.15** Grab some afternoon tea in the Exhibition Hall and check out the poster display on your way down. Our poster display showcases over 90 presenters' research in a visual A1 display. You will also be able to download their poster and extended abstract.

**16.00** Delegates can choose from two sessions before heading to Happy Hour. For those interested in improving water quality head over to the Environmental Management session to hear about **Simple Modelling of Water Quality Risks to Waterways from Wastewater Discharges** and **An Innovative Approach to Valuing Environmental Impacts of Sewage Spills**.

Or head over to the Emerging Contaminants session to hear from IBL Solutions on **Engineered Nanomaterials and Potable Reuse – Should we be concerned?** or from HunterH2O on **Options and Challenges for PFAS Removal in Water Treatment**.
